

GRUNAU METALS THE CUTTING EDGE

Breaking Ground with a Full Deck

When Potawatomi Bingo Casino set out to build a 20-story tower hotel, they turned to Grunau Metals for a creative and playful way to christen the ground breaking ceremony. The idea was hatched to build some creative shovels that played on the Casino theme for use during the official ground breaking. The Casino's Public Relations Department called upon Grunau Metals to make the idea a reality.

Grunau Metals set to work fabricating a number of different shovels using playing card symbols, as well as the Casino's symbol, the flame, as the shovel's head. In the end, the customer was thrilled with the results and Grunau Metals was thrilled to contribute to such an iconic project.
