**GRUNAU COMPANY ADDS PRAIRIE SCHOOL AS CLIENT**

**OAK CREEK, Wis. (April 30, 2004)** — Grunau Company today announced that it added the Prairie School in Wind Point, Wis., to its current list of clients.

Grunau Company will install the HVAC, plumbing and fire protection for the 70,000-square-foot addition to the Prairie School's H.F. Johnson Field House. Grunau Company also will provide services for the supporting space at the field house including locker rooms, offices, a concession area and atrium. The project is expected to be complete in September 2005.

"We are pleased the Prairie School chose the Grunau Company team to assist in this latest addition," said Grunau Company President and CEO, Paul Grunau. "We believe that our years of experience with additions to existing buildings will help them achieve their goal of a state-of-the-art athletic facility."

The school, located near Racine, Wis., was originally built in 1965 and the latest addition doubles the size of the existing field house. The new building will feature an elevated four-lane indoor running track, basketball courts, a weight room and a dance studio/multipurpose room. The addition's unique design features two barrel-shaped roofs and will be a focal point of the campus. A two-story atrium will link the existing field house with the addition.

The Grunau Company's team of skilled professionals designs, installs and services mechanical systems, including HVAC, plumbing, fire protection and specialized electrical systems. Grunau Metals, a separate division of the company, offers specialty metal fabrication services. Grunau Company teams operate as customer advocates, pinpointing the best solutions to complex projects and embracing a strategic approach to identify and prevent problems. Grunau Company has offices in Wisconsin, Florida, Indiana, Ohio and Pennsylvania. Grunau Company, established in 1920, employs 375 people and is headquartered in Oak Creek, Wis.
