

Grunau Company Opens Branch Office in Ft. Myers, Florida

On June 1, 2007 Grunau Company opened a new fire protection branch office in Ft. Myers, FL. George Nicola, who has been part of the Grunau team since February 12, 2007, will run this office. George has 20+ years of experience in the fire protection business, many of them at Davis-Ulmer Sprinkler Company in Buffalo, NY. Davis-Ulmer is part of the APi family.

The market in southwest Florida has been exceptional and Grunau expects that to continue for some time. In keeping with their strategy, Grunau will focus on negotiated, relationship-based projects, and will leverage their Orlando relationships in the Ft. Myers/Naples market.
